PROTECT OUR NATIONS YOUTH

2012 Irvine PONY Baseball Yearbook

Each team is responsible for creating a team page to place in the yearbook. You will need to designate a team photographer and someone to put the page together. Do not wait until the last minute to put the page together. If you plan early, the page is quite easy to do. If no one volunteers, have your parents ask around (relatives, co-workers, friends). People will offer their help if you ask for it. Have some fun with it so the kids can look back years from now and remember their team! Don't let your team be the one not represented in the yearbook and have a parent upset that they don't have their child in the yearbook...It happens every year! **If you do not turn in your page on time, your team will not be in the yearbook!**

Page specifications:

- **8 ½ x 11 with ½ margins on all sides, vertical layout and in color. Do not bleed to the end of the page. If everyone has the same borders, it has a more uniform look.**
- **Include the team name, a team photo or individual player photos, and names of the coaches and players. Please do not just put pictures of players. Looking at the yearbook two years from now, you will not remember who these players were.**
- **File must be saved as a print quality PDF (300 resolution). If you cannot convert to PDF, please save the file as a Word document and I will convert it to PDF. However, not saving it to a PDF might change the formatting of your page.**
- **File size should not exceed 10 MB.**
- **Please print out the page in color prior to sending it to me. If it doesn't look good to you, please re-do it until you think the quality is good enough to be placed in the yearbook.**

The yearbook is also a great way to advertise your business and support **Irvine PONY Baseball**. Or you may include a message showing your support and encouragement for your player(s)!
